TAX LEVY FOR 1902.

Annual Meeting of the Board of Magistrates of New Hanover Held Yesterday.

COMMISSIONERS RE-ELECTED.

Jurisdiction in Minor Offences Recommended to Be Given Justices—Increase in Rate of 2 Cents on the $100—Revenue Needed.

Pursuant to call the New Hanover Board of Magistrates met yesterday noon in the Court House and was called to order by Chairman D. McEachern, of the Board of County Commissioners. Sixty-four out of 81 magistrates were present. Upon motion of Mr. Jesse Wilder, Col. W. J. Woodward was made permanent chairman and the Register of Deeds was *ex officio* secretary.

Chairman McEachern read the tax levy recommended by the County Commissioners and same after some discussion was adopted as follows upon motion of Maj. W. H. Bernard:

	real and pers.	poll.
General fund	.23½	.71
Hospital	.07	.21
Military	.01½	.04
Court House Bonds	.04	.12
Road Bonds	.04	.12
Total	.40	$1.20

"And that there shall be levied and collected on all subjects of taxation embraced in schedules "B" and "C" of the Machinery act, and elsewhere in the Acts of 1901, the same tax as is by law specifically imposed for State purposes, except on such subjects as are forbidden by the law of the State."

There was a motion by Mr. B. J. Jacobs to consider the items seriatim, but the motion failed of adoption. The appropriation is made to cover the estimated expenses of the county for the year as follows:

Superior Court	$ 6,000
Out Door Poor and Insane	5,000
Cuonty Home	2,000
Public Buildings	2,500
Jail	2,000
Coroner	400
Magistrates	200
Constable	150
Register of Deeds	600
Attorney	600
Superintendent of Health	1,200
Commissioners	1,700
Clerk and Janitor	1,400
Printing and Stationery	550
Tax Listing	1,000
Elections	1,000
Military	600
James Walker Hospital	4,800
Furnishing Hospital	3,400
Total	$34,000

Chairman McEachern explained the necessity of an increase in the levy from 38 to 40 cents and the adoption of the recommendation was unanimous.

Mr. M. W Jacobi suggested the desirability of an official map of the county and moved an appropriation of $500 for the purpose. Justice McGowan moved a substitute providing $200; Mr. Walker Meares $100 and defining the scope of the map, and Maj. W. F. Robertson said the map desired by Mr. Jacobi would cost at least $2,500. A motion by Justice John J. Fowler to lay the whole matter on the table passed unanimously.

Upon motion of Justice M. Newman, with amendments by Justices S. H. Fishblate, J. M. McGowan and W. E. Worth, it was recommended to the Legislature that in New Hanover county, magistrates be given jurisdiction in cases of larceny where not more than $50 is involved and the penalty is not more than 30 days on the roads, and also in cases of carrying concealed weapons.

Upon motion of Mr. F. H. Fechtig and seconds by Messrs. Newman and D. J. Fergus, the present Board of County Commissioners, Messrs. D. McEachern, Gabriel Holmes, W. F. Alexander, H L. Vollers and F. A. Montgomery, were unanimously re-elected and by instruction the secretary cast the vote.

Continued Improvements at St. Paul's.

It gives the STAR pleasure to note the continued improvements in the interior of St. Paul's Episcopal church. A new choir-room has been built and handsomely furnished, and the vestibule of the church enlarged and newly carpeted. The central aisle has also been re-carpeted with the same pattern as that recently laid in the chancel. The interior of St. Paul's now presents a very attractive appearance; and it is learned that other changes are to be made, especially in the pews, which will render them more comfortable to the worshippers. When it is remembered the short time in which all this work of improvement has been accomplished, and the fact that not a single dollar of debt has been incurred, it is seen both the rector and the congregation deserve great credit for their efforts.

Eight Hundred Cars.

The Atlantic Coast Line shops here are now vigorously at work on a hurry order for eight hundred freight cars, of which they are turning out one hundred per month. The capacity of the shops, however, is now being increased by the employment of every carpenter and car builder who can be secured.

AN EX-SALOON FOR A CHURCH.

Novel Method Agreed Upon for Breaking Up Disreputable Locality.

Carrying out a determination to break up the disreputable locality known as "Fourth and Castle streets," the building known as the "Klondike saloon," in the midst of the settlement, has been rented and will be converted into a church, where services will be held regularly each Sunday and prayer meeting during the week.

Prominent persons belonging to the First Presbyterian congregation are said to have originated the movement and in their novel effort toward a suppression of vice in the visinity named, they have enlisted the co-operation and support of leading respectable residents near the neighborhood, who believe that the moral effect of the undertaking will be to rid the community of its undesirable residents.

The "Klondike" is at present tenanted for living apartments, but the agency from which it was rented promises to dispossess the tenant before next Sunday, when services are expected to be held by some prominent city pastor.

Sales at Auction.

Three sales at auction took place at the Court House yesterday. About $300 in accounts due the assignee of R. R. Love were purchased by Jno. H. Gore, Jr., Esq., for $11, and in a foreclosure proceeding of D. L. Gore vs. R. Bruce Freeman, 330 acres of land in Federal Point township, were bought by L. B. Rogers for $50. Seven city lots of suburban property on Market, Marsteller and Princess streets belonging to the Daggett estate were sold by W. M. Cumming and purchased by Jno. H. Gore, Jr., Esq., for $3,000. All are subject to confirmation of the court.

Accident to Mr. Bowden.

While going through the yard of his residence, No. 212 Red Cross street, early yesterday morning, Mr. L. Tate Bowden fell and broke his left leg just above the knee. Dr. D. W. Bulluck set the broken limb and at last accounts Mr. Bowden was doing very well. Several years ago the same leg was amputated just below the knee and that makes the accident all the more serious.

THAT HIGH LICENSE.

It Came With Variations and Was Defeated by the Aldermen Last Night.

ALDERMAN BAILEY RESIGNS.

Mr. VonGlahn Also Went Out as Mayor pro tem—Many Increases in Privilege Tax—Rock Quarry Leased to Mr. L. A. Weedon.

More than a hundred liquor dealers, lawyers, citizens, etc., were present last night at the regular meeting of the Board of Aldermen to see what the Council "had up it's sleeve" in the way of a high license proposition about which there has been so much talk recently.

The show-down on the part of the high license advocates came when Alderman Hashagen, of the Finance Committee, began reading the general tax ordinance for the ensuing fiscal year as agreed upon by two members of the committee. The two members, when the liquor clause was reached, recommended that the license remain at $22 per month as now, but Mr. W. B. Cooper, the third member of the committee, submitted a minority report which in addition to the regulations of the traffic now in force, provides for a classification in the license rate according to location of bars as follows:

Classification A—$1,000 per annum, payable quarterly in advance.

Classification B—$720, payable quarterly in ordinance.

Classification C—$324, payable semi-annually in advance.

For the purposes of this section Classification A shall be deemed to apply to all places where spirituous, malt or vinous liquors are sold in that territory bounded on the east by the eastern line of Fourth street, on the south by the northern line of Church street, on the north by the southern limit or line of the right of way of the Atlantic Railroad Company, and on the west by the Cape Fear river; provided, however, and it is expressly intended that all that portion of territory within the city limits situate west of the Cape Fear river shall be deemed for the purposes herein expressed to be part of Classification A.

For the purpose of this section Classification B shall be deemed to apply to all places where spirituous, malt or vinous liquors are sold in that territory bounded on the west by the Eastern line of Fourth street, on the east by the Eastern line of Eighth street, on the south by the northern line of Church street and on the north by the right of way of the Atlantic Coast Line Railroad Company.

Classification C—All that territory in the City of Wilmington other than that hereinbefore described or referred to; that is to say not included in Classification A and B.

Every shop, building, shed or tent or open stand where spirituous malt or vinous liquors are retailed as above shall be deemed a Bar.

Mr. Cooper spoke in favor of this report and Mr. Sweeney warmly attacked it. He said he didn't want to create a liquor monopoly and moved that the license remain just where it is. Mr. Spencer seconded the proposition of Mr. Cooper. Mr. Bailey opposed it and asked for an opinion as to its constitutionality from City Attorney Bellamy.

Mr Bellamy said he had investigated the measure and was satisfied it was all right in principle but might be defective technically in its phraseology as it was drawn hurriedly. He said the classification scheme was effective in New York and cited authorities as to its legality.

At the request of Mr. Cooper, Mr. George Rountree was present and gave an opinion exactly coincident with that of the city attorney, whom he said had explained the law perfectly. Mr Rountree said, however, that he did not pretend to say as to the policy of adopting such a regulation. Mr. Iredell Meares was also present for Mr. Cooper and concurred in Mr. Rountree's opinion.

Mr. Tiencken, of Fifth ward, opposed the measure and said what applied to New York would not apply to Wilmington. Mr. Von Glahn said he heard rumors on the streets that the effect of the ordinance would be to seriously impair the revenue of the public schools. He said it was a "pretty pass" when our children are educated from the sale of liquor.

Mr. Mann wanted consideration deferred until Thursday and Mr. Johnson seconded it. The Mayor ruled that there was a motion already before the house.

Mr. Johnson read from a paper, defining his position and saying the effect of the license would be to increase blind tigers, the law against which was not enforced. Mr. Sweeney took him hotly to task for the last remark and called in vain for Mr. Johnson to specify charges and call names.

Mr. Bailey had previously moved a substitute for the whole that the license remain as it is and when the question was put Messrs. Johnson, Hashagen, Sweeney, Bailey and Tiencken voted "aye," while Messrs. Cooper, Spencer, VonGlahn and Murrell voted "nay." Mr. Mann did not vote and the motion to continue the license same as now was adopted.

The remainder of the tax ordinance was taken up seriatim and the following increases made: Billiard, pool, bagatelle, ping pong or Klondyke tables for hire $2.25 per month; bill posters and advertising agents, $30 to $50 per year; bottlers of non-alcoholic drinks, $12 to $30 per year; brokers in money or money lenders, stocks or bonds, other than banks, $66 to $120 year; electric light business, $16.50 to $25 month; gas companies and street railways, each, same advance; guano warehouses, $110 to $120 year; itinerant hucksters, $1.10 to $1.50 month; private markets, $100 to $150 year; itinerant peddlers, $2 to $3 per day. An effort to double the tax of $75 per year on ice companies failed. A new license tax was imposed on Sewerage companies soliciting business, of $120 per year, payable quarterly. The rate on real estate was allowed to remain same as last year.

The usual Summer loan of $40,000 was authorized.

The Coal, Cement and Supply Co. was awarded the contract for coal, cement, wood, and terra cotta piping.

Upon motion of Mr. Johnson it was ordered that the tax books be written up in the City Clerk and Treasurer's office at no extra cost and not by the lister as formerly.

Mr. Cooper reported the purchase of 1,000 feet of new fire hose at 70 cents per foot and a new alarm box for Second and Market streets.

The contract for caring for the 108 oil street lamps and furnishing same was awarded to W. B. Duke for $800 per year. J. B. Casteen, the present incumbent, bid $925.

Mr. Tiencken asked that crushed rock be placed in the "fish cart alley" at the Market House.

Chairman VonGlahn, of the police committee, reported the election of T. G. Evans to fill the place on the force of W. F. Furpless, resigned, and the putting on as "subs" of D. A. Rowan, J. H. Lewis and J. W. Howard.

Bid of L. A. Weedon to rent the city rock quarry for $25 per month, pay the six cents royalty and furnish 7,000 tons of crushed material on the the streets at $1.03 per ton, was accepted. C. H. Dock offered the same rental, with exception of royalty and to furnish material for $1.42½ delivered. M. Y. Johnson offered $25 rental and material at $1.39 per ton delivered. A. R. Stewart, of Columbia, S. C., offered to deliver rock, f. o. b. cars in Wilmington, for $1.52 per ton.

Mr. Tiencken presented a majority report accepting the Fifth ward water works, and said the money for same had been paid. Mr. Bailey submitted a minority report.

The city made a formal application through Hon. John D. Bellamy for two parrot guns and balls for pyramids to be placed on the W. L. I. grounds.

Mr. VonGlahn tendered his resignation as Mayor pro tem. and same was accepted with regret. Mr. Bailey later in the meeting tendered his resignation as an Alderman and that also was accepted with regret. Mr. Z. E. Murrell was unanimously elected chairman of the Public Building Committee to succeed him, but his successor as an Alderman was not chosen last night. Mr. Bailey said a change in his business made it imperative for him to devote all his time to that. It is learned that the change in business is a dissolution of the company owning the Wilmington Iron Works, Mr. Bailey retaining the foundry and machine shops and Mr. H. A Burr, the other member of the company, assuming control of the mill supply business.

The Bell Telephone Co. filed its acceptance of the ordinance recently adopted and a slight change at the request of Mr. Meares, attorney, was made in the ordinance passed relative to the American Telephone Co.

The following Board of Commissioners of Navigation and Pilotage was re-elected; Thos. Evans, James Sprunt, C. W. Worth, S. F. Craig, J. W. Craig, Geo. Harriss and Samuel Northrop.

Messrs. Cowan Bros., lessees of the Opera House, were authorized to expend half of the annual rental of $851.50 on furnishings for the theatre, an inventory of all fixtures to be filed with the city. This action also settles the controversy between the Messrs. Cowan and Mr. S. A. Schloss, the former lessee.

At the suggestion of Mr. Tiencken, the Ordinance Committee and City Attorney were instructed to devise some regulation for the proper control of the alleged bawdy houses in the city.

The Mayor characterized as a lie certain reports that were suggested as to his non-enforcement of the law pertaining to any subject. His remarks were put strongly and repeatedly, and very soon the Board adiourned.

ST. THOMAS' PAROCHIAL SCHOOL.

Pleasing Commencement Exercises by the Children Last Evening.

The 24th annual commencement of St. Thomas' Parochial School, taught by the Sisters of Mercy of the parish, was held last night and the exercises were seen and enjoyed by a large audience.

The programme was well rendered and the Sisters deserve much praise for training the children in such an admirable manner as to enable them to execute their parts with so much skill and grace. The programme was as follows:

Songs: "Busy Children" and "Go to Sleep Little Children," by the primary classes.
"Dude Drill," by the boys.
"A Sewing Circle," by the girls.
"Carrie's Quarter," a play by the little girls.
Songs by the little children.
"The Carpenter," and "Wake Says the Sunshine" by the children.
Hoop Drill, by the larger girls.
Hymn to the Sacred Heart, by the school.
Address, by Rev. Father Dennen.

Each part was well rendered, the most amusing being the "Dude Drill," while the most realistic was the "Sewing Circle," by the girls. Rev. Father Dennen delivered a short and appropriate address, at the close of which the children received many well deserved compliments.

[*Special Star Telegram.*]

RALEIGH, N. C., June 2.—Raleigh lost to Wilmington to-day in a rather slow game. Errors were conspicuous on both sides, but at the critical minute Wilmington put in good work. Sweeney was excellent, as usual, while Leonard was rather off. Raleigh made three double plays, each being shortstop to second to first. Wilmington lost two good chances for doubles through errors by Lattin. Holland made the batting record for Wilmington. Fisher was at his best. There is a marked improvement, Sweeney says, in the work of the infield, while the outfield was also good. Raleigh cranks are very anxious over the possible outcome of the next two games. Wilmington startled them by the work to-day.

RALEIGH, N. C., June 2.—Neither Wilmington nor Raleigh deserved to win to-day as neither played fast ball. Sweeney did better work at the slab than Leonard. Fisher's work behind the bat was exra good and Holland with the stick, five times up, made four hits. Lattin at short, made two costly errors, but Raleigh beat Wilmington at the error game. The team showed plenty of grit and a few victories will aid them. Their behavior to-day was much to their credit.

The umpire gave both teams black eyes on several decisions. He is a local man and did the best he knew how.

The game was won in the ninth on Hook's sleepy play, letting a ball get away and looking at it. Sweeney reached first and advanced when Mathison went out, short to first, scoring on Holland's hit in centre. McGinnis flew to Hook; Dommell walked and Fisher fouled out to Smith. Raleigh did nothing in its half.

Two hits in the second, scoring a run, and three hits in the third, scoring two runs, really did the business. It is likely the game to-morrow will draw a larger crowd.

By a Score of Five to Four We Surely Got One More.

— Did you ever?
— Will you swear to it?
— What? Won a game?
— Was McCann the hoodoo?
— Remarkable as it may seem, it's so.
— Five to four. Well, that's one more.
— The Raleigh Turtles are making encouraging progress in moving backward.
—The STAR telephone was kept warm last evening by incredulous cranks who wanted the news confirmed.
— Pitcher McCann withdrew from the Wilmington team and left yesterday to join the Bennettsville, S. C., team.
— Subscribe liberally to the baseball fund. The reconstructed Giants will show next week that the hoodoo has left them.
— The rare and radiant were in a state of ecstatic delight last evening when they became convinced that Wilmington had defeated Raleigh.
— Here's another wire from Wake Court House to the Horse Editor: "Long life to the Lobsters. We hardly know whether to laugh or cry. Guess we had better rejoice with you. —T. B. Eldridge."
— This telegram from Raleigh: "Horse Editor Star:—Congratulations on Lobsters plucking a feather from Red Birds. It will add much needed grace to Wilmington's cap.—W. J. Martin."
— Manager Harry Mace telegraphed yesterday from Wilmington, Del., that he had signed Lawson, short stop; Hines, left field; Krause, pitcher; and that he was after Jeffries for third base and Hartman, catcher. The men are all from the Pennsylvania League and Mace knows the record of each. He said he was having some trouble getting the men away but wired for transportation for the five from Philadelphia to Greensboro. The men will join the team this week.
— The committees in charge of the subscriptions were on their rounds again yesterday and met with only fair success. To-day the final canvass will be made and the public spirit of Wilmington's baseball enthusiasts should assert itself. The committee authorizes a call for a meeting of all subscribers and all others interested in baseball at the City Hall to-morrow night, at which time a Board of Directors will be chosen and other important business transacted. A large attendance is desired.

The Game at Greensboro.

[*Special Star Telegram.*]

RALEIGH, N. C., June 2.—The game at Greensboro with Durham was stopped during the last half of the ninth inning to-day by Durham's refusal to play longer on account of rank decisions of Umpire Proud. The game was forfeited to Greensboro, 9 to 0, with the actual score 4 to 4. McTeer first up in the last half of the ninth, singled to right field, Mangum bunted and on error of Durham, McTeer went to third and Mangum to second; Kelley hit to short stop, who ran to third base, touched Mangum and also McTeer, who was near. Umpire Proud ruled Mangum safe, and McTeer out. Durham contended that both were out and forfeited the game by leaving the field.

OUR CUSTOM HOUSE PRIVILEGES.

Mr. Bellamy Introduced Bill Yesterday Tending to Increase Imports Here.

Hon. J. D. Bellamy has been informed by Deputy Collector J. E. Taylor that the port of Wilmington is not a port to which dutiable merchandise may be shipped without appraisement, under the act of June 10, 1880, while Charleston, Mobile, Norfolk and Savannah have this privilege. Acting upon this information, Mr. Bellamy prepared a bill which he introduced yesterday, as follows:

An act to make Wilmington, N. C., a port through which merchandise may be imported for transportation without appraisement.

Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, that the privileges of the first section of the Act approved June 10th, 1880, governing the immediate transportation of dutiable merchandise without appraisement, be and the same are hereby extended to the port of Wilmington, N. C.

In talking over the matter with Mr. Chance, the supervising special agent of customs, Mr. Bellamy was further informed that Wilmington had no bonded warehouses and that when the government owns a warehouse, on application of the collector, a part of the warehouse may be used as a bonded warehouse without a regular storekeeper, a deputy doing the duty when required. It is necessary to have this done in order to make effective the bill Mr. Bellamy intends to have passed. The special agent also called Mr. Bellamy's attention to the fact that Wilmington has not even custom house premises which are used for the storage of imported goods in bond.

Funeral of a Child.

The funeral of little James Gilchrist Smoot, whose death in Fayetteville was announced in these columns Sunday, was held yesterday morning at 10 o'clock from the residence of his grandmother, Mrs. Mary E. McGirt, No. 110 South Sixth street, in the presence of many friends of the bereaved family. The services were conducted by Rev. John H. Hall, assisted by Presiding Elder R. B. John, and the remains were tenderly laid to rest in Oakdale.

K. of P. Election.

The following officers were elected last night by Stonewall Lodge No. 1, K. of P., to serve for the ensuing term: Chancellor, J. C. McLeod; V. C., J. B. Taylor; P., J. T. Gordon; M. of W., H. D. Staniland; M. at A., G. A. Peterson; Inner Guard, E. H. Batson, O. G., J. M. Holmes. Mr. C. D. Yarborough was recommended to the Grand Lodge for Lodge Deputy.

A Real Compliment.

It must be universally conceded that the result of the convention held in Harnett county yesterday is a very high compliment to Hon. John D. Bellamy. Harnett is a new county in the Sixth district and is further from Mr. Bellamy's home than any other county in the district. Then, there were two candidates in the field from Cumberland, which adjoins Harnett.

Baseball This Afternoon.

The High School Champions, strengthened by several college players at home for their vacation, will play a game of baseball at Hilton this afternoon with the Athletics. Both teams are strong and a good game may be expected. The game will be called at 4 P. M. General admission 15 cents; ladies 10 cents.

— Mr. Norwood Orrell, who has been attending Horner's military school, returned home yesterday.

THE COUNTY COMMISSIONERS.

Regular Monthly Meeting Yesterday—Routine and Unimportant Business. Jurors for July Term of Court.

Only routine and unimportant matters were considered by the Board of County Commissioners at its regular monthly meeting yesterday afternoon, upon which all members were in attendance.

The committee on application of Hall & Pearsall for tax abatement was continued. Mrs. James Raspberry and children, of Masonboro township, were granted $4 per month for one month, and Dr. McMillan and Commissioner Montgomery were requested to investigate the matter of continuance. Reports of the Superintendent of Health, Register of Deeds and Road Superintendent were read, approved and ordered on file. Granting by chairman of liquor license to the Seashore Hotel on Wrightsville Beach was approved. Renewal of the bond of Dr. C. D. Bell as coroner was likewise approved. Report of J. M. McGowan and Col. John D. Taylor as to fines collected and paid into the treasury was approved.

The report of the grand jury at the last term of court was submitted and turned over to Chairman Vollers, of the Public Building Committee.

The following jurors were drawn to serve during the one week term of Superior Court for the trial of criminal cases, beginning July 7th, Judge Henry R. Bryan presiding: Fred W. Dick, Liston Larkins, Moses H. Beardsley, H. A. Martindale, D. J. Padrick, I. Shrier, A J. Burrruss, J. V. Grainger, Tom Lawther, J. F. Huggins, Phil Pearsall, Jeremiah B Smith, W. L. Coney, E. A. Kerr, D. H. Lippitt, W. R. Lewis, S. O. Frink, T. M. Craig, Geo. Grant, H. W. Howell, W. A. Canaday, Jr., E. L. Smith, Wm. Tiencken, Matthew O. West, W. L. Duke, Geo. Darden, C. E. Gordon, C. M. McArthur, E. Lilly, James S. Branch, Wm. P. Carroll, Jno. W. Kerr, Geo. W. Hughes, C. O. Bowser, Wm. Ritter, Geo. W. Huggins.

PERSONAL PARAGRAPHS.

— Mrs. Duncan O'Hanlon left last evening for New York on a pleasure trip.

— Mr. C. H. Whiteheart, the "Foot Prints" tobacco man, is in the city, a guest at the Atlantic Inn.

— Drs. L. C. Keerans, of Charlotte, and L. C. Covington, of Vanceboro, are here for the session of the Medical Examiners.

— Miss Mollie L. Williams, who has been visiting her sister Mrs. O. C. Sasser, returned to her home at Bowden, N. C., Saturday morning.

— Miss Lizzie Struthers arrived Sunday from Washington, D. C., to spend a month's vacation with her parents, Mr. and Mrs. Wm. Struthers.

— Mr. F. E. Hall, of Richmond, district superintendent for the Virginia Life Insurance Co., is in the city attending to the transfer of the Wilmington office of the company from Mr. Geo. T. Hanes, promoted. Mr. Hall is accompanied by his wife and they are guests at the Seashore Hotel.

HARNETT FOR BELLAMY.

Over Ninety Per Cent. of the Delegates for the Renomination of Hon. Jno. D. Bellamy.

[*Special Star Telegram.*]

DUNN, N. C., June 2.—The Harnett county convention was held at Lillington to-day.

The convention was called to order by J. C. Clifford, Chairman of the County Executive Committee. Dan Hugh McLean was elected permanent chairman.

There were no instructions for any candidate, but over ninety per cent. of the delegates were for Bellamy for Congress.

Clark, for Chief Justice, had a large majority of the delegates.

Brunswick Commissioners.

The Board of Magistrates of Brunswick county met yesterday and elected as a Board of Commissioners, M. C. Guthrie, Esq., of Southport; A. M. Chinness, of Northwest, and A. C. Meares, of Shallotte. Mr. Guthrie was the only member re-elected.

THREE NEGRO CRIMINALS.

To Be Hanged July 8th in Rowan County. State Institution for the Blind.

[*Special Star Telegram.*]

RALEIGH, N. C., June 2.—Governor Aycock to-day fixed the date, July 8th, as the time for hanging three negro criminals in Rowan county. They are Archie Conley, convicted of the murder of Geo. Davis; Dick Fleming and Richard Blanton, who were convicted of breaking into a house and committing an outrage upon a respected widow, alone with a little daughter.

Diplomas were presented to two graduates to-day during the closing exercises of the State Institution for the Blind. The annual address was by Major B. F. Dixon, State auditor; his theme, "Ideals."

The Consolidated Credit Co., Charlotte, is chartered, with $5,000 capital, to conduct a mercantile agency confined to the State.

The Morning Star.

BY WILLIAM H. SEKNARD

WILMINGTON, N. C.

TUESDAY MORNING, JUNE 3.

FORESTALLING THE ISSUES.

The Republican party managers realize that trusts, tariff reform and the Philippine policy will be the issues in the next campaign. They are endeavoring to forestall these issues by denouncing trusts, pretending to favor tariff reform in their own good time and way, and on the Philippine question by condemning cruelty and torture, but applauding the army and holding it guiltless. In his speech at Arlington on Decoration day President Roosevelt foreshadowed the position they will take on that to prevent the Democrats from reaping any benefit from the cruelties perpetrated by soldiers in the Philippines, when he said that these were isolated and exceptional cases which deserved condemnation and punishment, but that the army should no more be held responsible for them than the people of a community should be for the lynchings which may occur or have occurred, some of which have exceeded in barbarity anything done by our soldiers in the Philippines.

That's the course they will pursue. They will not attempt to justify or defend the administration of the "water cure," hanging without trial, &c., but will condemn these, and at the same time arraign the Democratic opponents of the expansion policy as slanderers and enemies of the soldiers who are in the Philippines fighting to maintain the flag in American supremacy.

They have color for this in the speeches that some of the Democratic senators have made in which while denouncing the barbarity practiced they permitted themselves to indulge in sweeping denunciations which made the army practically responsible for everything that was done and thus gave the Republican leaders an opportunity to fly to the defence of the soldier, and material for the misrepresentation of the Democratic party, just as they did in the war between the States when the Democratic party was charged with being the enemy of the soldiers in the field, and charged so effectually that the soldier vote went almost solidly against it, whatever it might propose, and so now they are playing the soldier in the Philippines to arouse antipathy to the Democratic party and divert popular attention from the blundering policies and abuses that have been perpetrated there.

The Ohio platform doubtless foreshadows the position the national party will take on the trust question by denouncing trusts and drawing a distinction between trusts and combinations which they call co-operation. According to the platform they draw there is not a trust in the country with the exception of the Beef Trust, and that has not yet been judicially declared one. Until it is it will be strenuously denied that there is such a thing as a trust in this country. They will denounce the trusts and declare that they should be extirpated by the law, but co-operation must be encouraged. Of course it must. There always has been co-operation, it is one of the necessities of business, not for the purpose altogether of meeting new conditions and be better prepared to meet competition but to do business. Co-operation we have always had and always will have. The Ohio platform makers knew that, but they wanted to create the impression that the Democrats are not only fighting trusts, but all co-operation, all combinations of men or capital. That's the way they hope to throw dust in the eyes of the people and make them believe the Republican party is opposed to Trusts, while it favors such co-operation as would enable our manufacturers to expand their trade and compete with rivals in other countries. That's their program to unload the Trusts while they oppose every form of business combination that are not literally Trusts, according to the accepted Republican definition, but still to all intents and purposes Trusts.

It is not an easy thing to find a trust that can be proved a trust under the Republican characterization for too many things must be established before a combination can be called to taw as a trust. They are trying an experiment with the Beef Trust, the outcome of which is still doubtful, and of doubtful value, even if they succeed in getting this verdict establishing the fact that the Beef Combine is really a Trust within the definition.

Such a decision would practically affect the Trust but little, for it would simply eliminate some of the most objectionable features, effect some different arrangements and proceed with business as usual—not as a Trust, but as a consolidated concern, taking all the large meat packers into a company and call itself the United States Meat Company, as Mr. Morgan took in all the leading steel plants under the name of the United States Steel Company.

They will play the Beef Trust prosecution as a trump card in the next campaign as proof that the Republicans are in dead earnest in the assertion that they intend to suppress Trusts. They will take very good care, however, not to do anything to hurt the Trusts, by lessening the tariff protection they now have.

HE DIDN'T DOUBT.

J. G. Livingston, Civil Governor of the province of Lorgoson, in the Philippines, in his report to the Secretary of War, adds another chapter to the atrocities perpetrated by American soldiers in the Philippines. This report tells of the indiscriminate arrest and imprisonment of Filipinos, and how two of them, suspected of being leaders, were taken into the woods and hanged, with their toes just touching the ground, to make them talk, and the next day taken to the woods again, made to carry a rope, a pick and a shovel, tied, shot in the back and killed.

This is not mere heresay, for the report is accompanied by the report of the officer under whose orders the hanging and shooting were done, who justifies it on the ground that he had "no doubt" these men were guilty, as suspected. He didn't have unquestionable proof of it, but he didn't have any doubt, and therefore, in the absence of proof sufficient, because he didn't doubt, he ordered these men to be strangled to the point of death, and when that failed to make them tell the story this officer wanted he ordered his men to take them out in the woods and shoot them. This is an impressive illustration of "benevolent assimilation."

Mr. Roosevelt said in his speech at Arlington on Decoration Day, that it is not fair to condemn the whole army for these exhibitions of barbarity. Perhaps so; but how does it happen that we never hear of such atrocities until some civil officer reports them, and why is it that we have never heard of the military authorities, of their own volition, calling any of these torturers or butchers to account and punishing, or even reprimanding them for their savagery? In the instances where trials have been had (which have been mere formalities that have amounted to nothing), it was after some civil officer had reported them and they could not be ignored. Soldiers have been tried and punished on various charges, but that was for violating the military orders and to enforce discipline, but there have been no punishments for these crimes of torture and murders to force the Filipinos to betray their country. And yet the Republican speakers in this country who condemn them in one breath, find apologies for them in the next.

THE CHARLESTON EXPOSITION.

The Charleston Exposition (which was a huge undertaking for a city with no larger white population than Charleston) closed last Saturday night, and while a success in other respects was not so financially. But this is not surprising for very few if any of these expositions are financial successes in the sense of paying back to the investors the money subscribed; but what is lost in that way is more than offset by what the cities in which they are held gain in another way. How much the city of Charleston and the railroads entering it and tributary to it gained by this exposition we do not know but we have no doubt it would much more than offset any difference between the amount invested and the receipts.

There was a loss of between $3,000,000 and $4,000,000 on the Buffalo Exposition, but it is said that the city of Buffalo was benefitted at least $50,000,000 by the exposition, so that while the subscribers and stockholders suffered (as some of them doubtless expected to) the people of the city at large gained ten times as much as the Exposition promoters lost. In point of paying the investors from license privileges, gate receipts, etc., it is perhaps too much to expect that from any of these great expositions, which cost millions, but they more than pay in other ways, and therefore we congratulate Charleston on her Exposition, which was a fine one and did much credit to that city and her people.

We see there is a movement on foot to make the Exposition a permanent one. This is a good movement and we hope it will be a success. If it was a good thing for six months it will be a good thing all the time, a perpetual educator and school of valuable object lessons. Every State ought to have one at some central point, where the visitor could go and study the State and section, its resources and progressive development. This is especially true of the South, which has so much to show, so much that outsiders and sometimes many of the people of the State, even the well informed, know little about.

The Filipinos are becoming Americanized if not benevolently assimilated. There is a threatened strike in Manila for an increase of 50 per cent. in wages, although wages are now from five to ten times higher than they were under the Spanish regime.

A burning question with the sable population of Rochester, N. Y., is can a darkey employed in a shoe-shinery refuse to shine another darkey's shoes? One did that, was sued, and the suer got a verdict against the proprietor of the shine-shop for $113.40 damages. The shop man appealed, and the higher court reversed the lower court on the ground that his wasn't a licensed shop, and therefore he could use his discretion as to whose shoes he shines. And now the negro denizens are indignating against the decision.

—— The combination of Newark butchers have as much chance to beat the Meat Trust with their $100,000 capital and a scheme to buy cattle in the West, as Mrs. Partington had to sweep back the Atlantic Ocean with a broom. To bring down the price of meat all that is necessary is to abolish the tariff; for, if the price is kept up it will pay to import meat from foreign countries, as demonstrated a few weeks since by the importation of some lamb from New Zealand in spite of the tariff. But the G.O.P. will not do it.—*Brooklyn Citizen, Dem.*

— Winston *Journal*: Two conferences were held in Greensboro Friday, by different sets of gentlemen, for the purpose of forming a combine of cotton mill men. A New Yorker named Underwood is at the head of one party and Col. H. E. Fries appears to lead the other. Neither would talk for publication except to say that probably at the present time a combination of both interests was practically impossible. The conferees all went East from Greensboro Friday.

— Durham *Herald*: Miles Heart, colored, has been bound over to the next term of court under a bond of $100 for embezzlement. He is charged with embezzling money he collected for lots sold in the colored cemetery. The evidence was that he has been selling lots for quite a long time and failed to turn in the money. In the preliminary trial, which was heard before Justice of the Peace Gunter, there were some fifteen witnesses. He gave the required bond and will fight the case in the higher court.

— Winston *Sentinel*: Arthur Keen, the young man who was put on trial Thursday charged with shooting and killing Monroe Covington, colored, about two months ago, was convicted of manslaughter. The case was given to the jury late Thursday afternoon and the verdict was announced at the opening of court this morning. The jury reached a decision late Thursday night. Just before the court adjourned for dinner, the judge gave Keen ten months in the penitentiary. The other indictments against him were dismissed.

— Greensboro *Telegram*: Mr. J. D. Parks, agent of the Southern Express Company, Saturday morning liberated the three hundred homing pigeons mentioned in Friday's paper. There were three coops and Mr. Parks took his stand by one placing two other men, one each by the side of the other two. Precisely at nine minutes past five Mr. Parks gave the word and the pigeons flew up into the air. They syored nearly straight up into the sky until the whole three hundred didn't look to be more than two or three dozen and each individual bird didn't look much larger than a speck. Then they could be seen to be moving directly north—on their way to their loft in New Jersey.

— Asheville *Citizen*: There has been a noted decrease in western immigration from this section within the past few weeks. There have been a large number of home seekers from this country within the past few months to the new lands beyond the Rockies where they have started up the farming and stock raising industries and will begin irrigation. There are few people outside of the employ of the railway companies that have an idea of the volume of this western travel from the south. The figures and statistics just issued by the Southern railway lines will give an idea of the business for a year by a comparison with the past two months ending May 1, when these accurate figures were issued showing that during the period mentioned, 130,000 home-seekers were moved from the eastern and southern states. More than 25,000 freight cars were used in hauling the effects of these people.

— Kinston *Free Press*: The strike among the coal miners in Pennsylvania and other Northern States is affecting to some extent the Kinston cotton mills by the knitting mills in Pennsylvania being shut down owing to inability to get coal. A great portion of the product of the local mills is sold in Philadelphia and the mill here feels the effect of the shutting down of the knitting in that, the great knitting mill center. —— Farmers are generally complaining that the tobacco crop is backward and not all encouraging for this time of the year. The backwardness is generally ascribed to the late Spring and unusually cold May, but Mr. R. G. Bland has demonstrated beyond dispute that it is not the weather so much as the way crops are handled that counts. In fact, Mr. Bland says this is just the kind of weather. He brought into town this morning a leaf 17 inches long and 11 inches wide, and says he has ten acres just like it and eight acres more on which the leaves will be 30 inches long. Mr. Bland's farm is in Neuse township, about ten miles from Kinston. All around him are other farms on which the tobacco is not nearly so forward as on Mr. Bland's.

Deep Freezing.

For many years scientists have been perplexed over the phenomenon of a certain well at Yakutsk, Siberia. As long ago as 1828 a Russian merchant began to sink this noted well, and after working on it for three years gave it up as a bad job, having at that time sunk it to a depth of thirty feet without getting through the frozen ground. He communicated these facts to the Russian Academy of Sciences, who sent men to take charge of the digging operation at the wonderful well.

These scientific gentlemen toiled away at their work for several years, but at last abandoned it when a depth of 382 feet had been reached, with the earth still frozen as hard as a rock. In 1844 the academy had the temperature of the soil at the sides of the well taken at various depths. From the data thus obtained they came to the startling conclusion that the ground was frozen to a depth exceeding 600 feet.

When People Rose Early.

In mediæval and modern Europe the prevailing practice down to the middle of the eighteenth century was to have three meals a day—that partaken of at midday, and not the evening one, being the principal. In those days all classes rose early, 4 a. m. being the usual hour, and one hour later breakfast was eaten. Twelve o'clock was the established dining hour. Supper, a less abundant repetition of dinner, followed in the evening.

PAINE'S CELERY COMPOUND

Rescues a Lady From Nervous Breakdown.

The surest and speediest banisher of disease and sickness known to medical men, is Paine's Celery Compound.

The peculiar virtues of Paine's Celery Compound enables it to reach all the centres where disease is working; it quickly banishes all pain and trouble.

At this time, Paine's Celery Compound is a veritable boon to every nervous, weak, and debilitated man and woman. The ailments and diseases that have held people in bondage and suffering up to the present, can be permanently banished by the use of a few bottles of nature's life giver and health builder. Mrs. Mamie Goukler, No. 668 39th Street, West Philadelphia, Pa., who suffered for months from severe nervous afflictions, writes as follows:—

"I beg leave to add my testimony to the wonderful good Paine's Celery Compound has done me. Some months ago I was troubled with a general breaking down of the system. I consulted a physician without avail, and upon the suggestion of Mr. John A. Coln, who I believe is a living example of your wonderful curing medicine, I purchased two bottles of your Compound, and I must say that I improved wonderfully since the first dose. My nervousness has left me entirely, and I am now feeling better than I ever did. You can rest assured that I will not hesitate to recommend your wonderful medicine to my friends who may suffer from nervousness in any form."

A Train Problem.

It is seldom, indeed, that the following question is answered correctly offhand:

A train starts daily from San Francisco to New York and one daily from New York to San Francisco, the journey lasting five days. How many trains will a traveler meet in journeying from New York to San Francisco?

About ninety-nine persons out of a hundred would say five trains, as a matter of course. The fact is overlooked that every day during the journey a fresh train is starting from the other end, while there are five trains on the way to begin with. Consequently the traveler will meet not five trains, but ten.

Rice and Rice.

To most people rice is rice, but, notwithstanding this, there is a considerable difference between the Chinese or Japanese and the American article. The former is darker in color and in no way compares with the latter in flavor or quality. Of the American, however, there are a number of grades, of which that grown in the Carolinas is considered the best. When purchasing, see that the grains are large, plump and unbroken. In washing be careful not to break them between the hands.

COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, June 2.—The cotton market opened steady with prices three points higher to seven points lower, and while more or less subject to rallies from time to time, worked generally lower during the balance of the session and closed at about the bottom with the local trade entertaining very bearish views. The British peace news, light receipts and bullish Liverpool cables were disregarded from the first, and every consideration was given to good crop and weather reports. The efforts of the bears were rewarded more readily by reason of the scarcity of public buying orders. About the only commission houses which did business in the ring were promient as sellers of the summer months, which, in view of a severe break in the New Orleans market, started rumors that prominent bulls in the Southern market were selling out. The room operated on the theory that the bureau report from Washington to-morrow will show an average condition of the crop of about 95 as contrasted with 81.5 the same time last year. Whereas one telegram stated that boll weevil in Southern Texas were more numerous this year than ever before the great bulk of the crop advices received reflected almost ideal conditions, both as regards the weather and the health of the plants. There was no estimates for to-morrow's New Orleans, Houston and Galveston receipts, these having been abandoned owing to the meagreness of the movement of late. The usual week end statements, delayed by the holidays, were quite as bullish as expected, but had been discounted. The market closed quiet and net thirteen to seventeen points lower. Total sales were estimated at 125,000 bales.

NEW YORK, June 2.—Cotton quiet at 9 7-16c; net receipts 177 bales; gross receipts 2,736 bales; stock 183,704 bales.

DEMOCRATIC PLAN OF ORGANIZATION.

1. The unit of county organization shall be the voting precincts. In each precinct there shall be an executive committee, to consist of five active Democrats, who shall be elected by the Democratic voters at the several precincts in the meeting first called by the county executive committee. And said committee so elected shall elect one of its members as chairman, who shall preside at all committee meetings.

2. The chairmen of the several precinct committees shall compose the county executive committee, which shall meet at the same time and place as the county convention first held in each election year, and elect a chairman of said county committee who need not be a member of the committee, and he shall preside at all meetings of said committee, and shall hold his place until his successor shall be elected. A majority of said precinct chairmen, in person, or by proxy, shall constitute a quorum. The county committee shall likewise appoint a central committee of five, who shall act in its stead when the county committee is not in session.

3. In case there shall be a failure on the part of any precinct to elect its executive committee for a period of thirty days, the county executive committee shall appoint said committee from the Democratic voters of said precinct.

4. The members of the precinct committee shall elect to any vacancy occurring in said committee.

5. The county executive committee shall call all necessary conventions by giving at least ten days' notice by public advertisement in three public places in each precinct, at the court house door, and any Democratic newspapers that may be published in said county, requesting all Democrats of the county to meet in their respective precincts on a common day therein stated, which said day shall not be less than three days before the meeting of the county conventions, for the purpose of electing their delegates to the county conventions. Thereupon the meeting so held shall elect their delegates to represent the precincts in the county convention from the voters of the respective voting precincts, which delegates, or such of them as shall attend, shall vote the full Democratic strength of their respective voting precincts on all questions that may come before said county conventions. In case no meeting shall be held in any precinct in pursuance of said call, or no election shall be made, the precinct executive committee shall appoint such delegates.

PRIMARIES.

6. At every precinct meeting there shall (before the delegates to the county convention are elected) be a vote taken for the different candidates for office, whose names may be presented and the delegates shall vote in the county convention of their respective districts in accordance with this vote; that is to say, each candidate shall receive in the county convention that proportion of the vote to which the precinct may be entitled which he received in the precinct meeting. The chairman and secretary of the precinct meeting shall certify to the county convention the vote received by each candidate at the precinct meeting.

7. Each precinct shall be entitled to cast in the county convention one vote for every twenty-five Democratic votes, and one vote for fractions of thirteen Democratic votes cast by the township at the last preceding gubernatorial election. Provided, that every voting precinct shall be entitled to cast one vote, and each precinct may send as many delegates as it may see fit.

8. The chairmen of the precinct committees shall preside at all precinct meetings. In their absence any other member of said committees may preside.

COUNTY AND DISTRICT CONVENTIONS

1. The several county conventions shall be entitled to elect to their senatorial, judicial and congressional conventions one delegate and one alternate for every fifty Democratic votes, and one delegate for fractions of over twenty-five Democratic votes cast at the last preceding gubernatorial election in their respective counties; and none but delegates or alternates so elected shall be entitled to a seat in said conventions: Provided, further, That in all county conventions in which delegates shall be selected to attend any State, congressional, judicial or other convention, a vote shall be taken in accordance with the plan of organization as to the candidates whose names may be presented to such county convention. The delegates shall be selected from the friends and supporters of each candidate voted for, in proportion to the number of votes he shall receive in such county convention and no other instruction shall be given: Provided further, That when only one candidate is presented and voted for at each county convention it shall be lawful to instruct for such candidate.

2. At every county convention (before delegates to State, congressional, judicial, senatorial or other conventions are chosen) there shall be a vote taken for the different candidates for office whose names may be presented and the delegates shall vote their respective counties in accordance with this vote, that is to say each candidate shall receive in the State, congressional, judicial, senatorial or other convention the proportion of the vote to which the county may be entitled which he received in the county convention. The chairman and secretary of the county convention shall certify to each convention the vote received by each candidate given: Provided, That where only one candidate is presented it shall be lawful to instruct for him. At all State and district conventions the delegates from the different counties may disregard the vote of their respective counties as to any candidate: Provided, That a two-thirds majority of all his votes from the county consent.

3. The chairman, or in his absence any member of the county, senatorial, judicial and congressional convention shall call to order their respective conventions and hold chairmanship thereof until the convention shall elect its chairman.

4. The executive committees of the senatorial, congressional and judicial districts, respectively, shall, at the call of their respective chairmen, meet at some time and place in their respective districts, and the chairmen of said respective committees shall immediately notify the chairmen of the different county executive committees of the said appointment and the said county executive committee shall forthwith call conventions of their respective counties in conformity to said notice to send delegates to said respective district conventions.

STATE CONVENTIONS.

The State convention shall be composed of delegates appointed by the several county conventions. Each county shall be entitled to elect one delegate and one alternate for every one hundred and fifty Democratic votes and one delegate for fractions over seventy-five Democratic votes cast therein at the last preceding gubernatorial election; and none but delegates or alternates so elected shall be entitled to seats in said convention: Provided, That every county shall have at least one vote in the convention.

Resolution passed at meeting of executive committee, November 30, 1897:

"*Resolved*, That in accordance with the resolution hereinbefore adopted, all white electors who intend to vote with us in the next election, and who desire the re-establishment of Anglo-Saxon supremacy and honest government in North Carolina are cordially invited to participate in all our primaries and conventions."

GENERAL RULES.

1. At all conventions the delegates shall be selected as near as may be from the friends and supporters of the candidates voted for.

2. Such delegates—or alternates of absent delegates—as may be present at any Democratic convention shall be allowed to cast the whole vote to which their precinct or county may be entitled.

3. In all conventions provided for by this system, after a vote is cast, there shall be no change in such votes until the final result of the ballot shall be announced by the chairman of said convention.

4. All Democratic executive committees shall have the power to fill any vacancies occurring in their respective bodies.

5. The chairmen of the different county conventions shall certify the list of delegates and alternates of the different district and State conventions, and a certified list of said delegates and alternates to the secretary of the State central committee.

6. It shall be the duty of the county committee and its chairman to furnish such information and make such reports to the chairman of the State committee as he may desire.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50 cents. Sold by R. R. BELLAMY, druggist.

IS YELLOW POISON
in your blood? Physicians call it Malarial Germ. It can be seen changing red blood yellow under microscope. It works day and night. First, it turns your complexion yellow. Chilly, aching sensations creep down your backbone. You feel weak and worthless.

ROBERTS' CHILL TONIC
will stop the trouble now. It enters the blood at once and drives out the yellow poison. If neglected and when Chills, Fevers, Night-Sweats and a general break-down come later on, Roberts' Tonic will cure you then—but why wait? Prevent future sickness. The manufacturers know all about this yellow poison and have perfected Roberts' Tonic to drive it out, nourish your system, restore appetite, purify the blood, prevent and cure Chills, Fevers and Malaria. It has cured thousands—it will cure you, or your money back. This is fair. Try it. Price, 25 cents.

THE INDEPENDENT ICE COMPANY.

Extends its thanks to the public for the very liberal patronage it has received since beginning operations six weeks ago. For a brand new enterprise starting in a field against well entrenched competition we feel justly proud of the business done thus far, but as the season has just fairly opened we wish to make a few remarks like these: "It shall be our aim to merit the continuous patronage of the public by dealing fairly and squarely at all times by weighing Ice as delivered—by offering a choice high grade, very hard frozen article free from impurities, by serving our customers promptly and in an accommodating spirit, and finally we promise that our prices shall be all right. If there is anything else we can offer the public, kindly let us hear from you.

Very truly yours for good hot weather.

The Morning Star.

WILMINGTON, N. C.

TUESDAY MORNING, JUNE 3.

VOLCANIC OUTBURST OF AN ALASKA MOUNTAIN.

Story Told by a Geologist Who Witnessed the Recent Eruption of Mount Blackburn.

By Telegraph to the Morning Star.

SEATTLE, WASH., June 2.—A special to the *Times* from Skagway, under date of May 28th, says:

Accounts of a most thrilling nature regarding the volcanic action of a supposed harmless mountain in Alaska were brought to this city by J. C. McFarland, a geologist, who was within a few miles of the mountain at the time. Seven weeks ago a slight earthquake shock was felt in all parts of Alaska and until to-day the phenomenon remained unexplained. The eruption occurred April 11th. McFarland says:

"Suddenly the earth shook beneath my feet, and a low rumbling sound accompanied the quaking. I glanced up at Mt. Blackburn. Instantly it seemed as if the peak had opened, a cloud of ashes and smoke shot out into the air several hundred feet and then there seemed to flow from the opening in the top a stream of dirty stuff, mixed with large and small boulders. This continued only for about ten minutes, then ceased as suddenly as it had begun. The air cleared and nature seemed again to wear her cherry smile.

"It was three days, after many perilous attempts, before I succeeded in reaching the base of the mountain. Then I discovered that the country for miles around had been affected. The small undergrowth of the trees had been entirely covered up. This stuff which poured from the top of the mountain was not even warm, but seemed to consist purely of dust rocks and other thin substances. As near as I can find out this mountain had never been considered of a volcanic nature."

U. S. SUPREME COURT.

Order in the Case of Commissioners of Wilkes County vs. W. N. Color.

By Telegraph to the Morning Star.

WASHINGTON, June 2.—The United States Supreme Court to-day ordered the papers in the case of Commissioners of Wilkes county, North Carolina, vs. W. N. Color, stricken from the files of the court. The case itself is not of especial importance, but the court's reason is of general scope. It was given by the chief justice in the following language:

"The papers on which this application was made contain matter intended to reflect on the impartiality of one of the judges who participated in the decision below, which should not have been submitted to this court. Our records must be kept free from scandal and not be made the vehicle of irrelevant and unwarranted attacks. The papers are stricken from the files. The application will, however, retain its original number and may be renewed in proper form on the coming in of the court at the next term."

The judge upon whom reflection is said to have been made in the papers is Hon. James E. Boyd, judge of the western district of North Carolina.

CUBAN RECIPROCITY.

Conference of Republican Senators Representing Beet Sugar Interest.

By Telegraph to the Morning Star.

WASHINGTON, June 2.—Eighteen Republican senators attended the conference to-day of those representing the beet sugar interest. The general sentiment was in favor of defeating any proposition for Cuban reciprocity, but in order to secure harmony an agreement was made that they would support a rebate plan, the money to be paid the Cuba government. The eighteen senators present were Messrs. Elkins, Scott, Perkins, Bard, Gamble, Kittridge, Dietrich, Millard, Burrows, Foster, Mitchell, Nelson, Clapp, Burton, Kearns, Jones, (Nevada), Mason and Pritchard.

Senator Pritchard did not go farther than to say that he was opposed to the Cuban concessions, but would abide by a Republican caucus.

FIRE AT ELIZABETH CITY.

Godfrey Brick Building Destroyed—Two Men Lost Their Lives.

By Telegraph to the Morning Star.

ELIZABETH CITY, N. C., June 2.—The Godfrey brick building was totally destroyed by fire to-day and two men perished. The dead are W. K. Carter and Benjamin Ward.

The lower floor of the building was occupied by J. R. Begeron's saloon and the upper floor was the sleeping apartments of Bergeron's son, Carter and Ward. Young Bergeron had a narrow escape. His room mates were penned in the blazing building and every avenue of escape closed. Their charred remains were removed from the ruins this afternoon. Several adjoining buildings were slightly damaged.

Sixteen persons were killed and four more were wounded as a result of an explosion of gas in an orocerite mine in the province of Galicia, Austria.

TERMS OF PEACE IN SOUTH AFRICA.

Boer Forces in the Field Lay Down Their Arms and Submit to the British.

DETAILS OF THE SURRENDER.

Reception of the Announcement in London—In the House of Commons. Liberality of the Terms—Various Objections Expressed

By Cable to the Morning Star

LONDON, June 2.—The demand for accommodations in the House of Commons this afternoon to hear the statement of the first lord of the treasury and government leader, J. A. Balfour, was unprecedented. Mr. Balfour arose at 2.40 P. M. and announced the terms of peace in South Africa as follows:

"His Excellency Lord Milner, in behalf of the British government; His Excellency Mr. Steyn, General Bremner, General C. R. DeWet and Judge Herizog, acting in behalf of the Orange Free State, and General Schalk-Burger, General Reitz, General Louis Botha and General Delarey, acting in behalf of their respective burghers, desiring to terminate the present hostilities, agree to the following terms:

"The burgher forces in the field will forthwith lay down their arms and hand over all guns, rifles and ammunition of war in their possession or under their control, and desist from further resistance, and acknowledge King Edward VII. as their lawful sovereign.

"The manner and details of this surrender will be arranged between Lord Kitchener and Commandant General Botha, assisted by General Delarey and Chief Commandant DeWet.

"Second. All burghers outside the limits of the Transvaal and Orange River Colony, and all prisoners of war at present outside South Africa, who are burghers, will, on duly declaring their acceptance of the position of subjects of his majesty, be brought back to their homes as soon as means of transportation can be provided and means of subsistence assured.

"Third. The burghers so returning will not be deprived of their personal liberty or property.

"Fourth. No proceeding, civil or criminal, will be taken against any burghers surrendering, or so returning, for any acts in connection with the prosecution of the war. The benefits of this clause do not extend to certain acts contrary to the usages of war which had been notified by the commander-in-chief to the Boer generals, and which shall be tried by court martial after the close of hostilities.

"Fifth. The Dutch language will be taught in the public schools of the Transvaal and Orange Colony, where parents desire it, and will be allowed in the courts of law, for the better and more effectual administration of justice.

"Sixth. Possession of rifles will be allowed in the Transvaal and Orange River Colony.

"Eighth. The question of granting the franchise to natives will not be decided until after the introduction of self-government.

"Ninth. No special tax will be imposed on landed property in the Transvaal or Orange River Colony to defray the expenses of the war.

Tenth. As soon as the conditions permit, a commission, on which the local inhabitants will be appointed in each district of the Transvaal and Orange River Colony, under the presidency of a magistrate or other official, for the purpose of assisting in the restoration of the people to their homes, and supplying those who owing to the war losses are unable to provide for themselves, with food and shelter, and the necessary amount of seed, stock and implements, etc., indispensable to the resumption of their normal occupation. His majesty's government will place at the disposal of these commissions the sum of three million pounds sterling, and will allow all the notes issued under the law of 1900 of the South African Republic, and all receipts given up to officers in the field of the late republics, or under their orders, to be presented to a judicial commission, which will be appointed by the government; if such notes and receipts are found by this commission to have been duly issued in return for valuable considerations, they will be received by the first named commissions as evidence of war losses suffered by the persons to whom they were originally given.

"In addition to the above named free grant of three million pounds sterling, his majesty's government will be prepared to make advances on loans for the same purposes free of interest. No foreigner or rebel will be entitled to benefit under this clause."

In the House of Commons.

Not in years had the House of Commons been so thronged with such a brilliant and enthusiastic audience as when the first lord of the treasury and government leader, A. J. Balfour, announced this afternoon the peace terms concluded with the Boers.

An hour before the House of Commons met a large crowd on Whitehall vociferously cheered the notable politicians, particularly the colonial secretary, Joseph Chamberlain, who walked unconcernedly from the Colonial Office, with a broad smile on his face.

The period of waiting finally came to an end. Amid breathless silence, broken a few seconds later by applause such as the House of Commons seldom hears, Mr. Balfour stood up and announced the terms on which the war in South Africa had been ended. The reference to the Boers acknowledging King Edward as their sovereign was the hit of the day.

As the liberality of the terms grew plainer the cheers on the government side of the house diminished while the opposition's satisfaction was proportionately increased.

Through all this the Irish members sat impassive, though earlier in the afternoon they had startled the house by a demonstration which at first was thought to be in honor of peace but which, it was soon discovered, was caused by the reappearance in the house of William Redmond who has just returned from the United States.

The tension was over and when Mr Balfour's statement was concluded every one seemed to take the opportunity for a hearty laugh caused by the government leader's humorous quashing of the suggestion that the commons adjourn in honor of peace. Various objections to the peace terms were expressed, but they did not appear to very serious. The Irish view point was that the government has given up practically everything and that the regulations affecting the Cape rebels will be done away with, in consequence of the king's amnesty proclamation.

Rejoicing Over The News.

LONDON, June 2.—While London went temporarily mad in a saturnalia of rejoicing over the news from South Africa, the telegraphic nerve system of the Empire throbbed responsively. From Canada and Jamaica in the west and from India to Australia in the east came messages of congratulation, and reports of local rejoicings from Gibraltar, Malta, Bombay and Melbourne each in turn recorded the enthusiasm which the news of peace was received. From the continent also there came announcement of satisfaction, springing not so much from joy at Great Britain's triumph as from feelings of relief that the long tension was over and the belief that the area of peace portended a trade revival and return to normal conditions.

PROCEEDINGS IN THE SENATE AND HOUSE.

Debate on the Philippine Bill Continued Under the Fifteen-Minute Rule—Secretary Hay's Address.

By Telegraph to the Morning Star.

WASHINGTON, June 2.—Little interest, either on the floor or in the galleries, was manifested in the Senate debate on the Philippine government bill to-day under the fifteen-minute rule. At two or three stages it almost died of inanition. Senators seemed little inclined to avail themselves of the opportunity to discuss the measure thus briefly, and there were few utterances of special note.

Scator Mason, of Illinois, in a vigorous speech differed from the majority in the treatment proposed for the Filipinos. He urged that no reason existed for according to them a treatment different from that accorded to the Cubans and strongly advised that they be afforded the right to exercise the right to govern themselves. He said he would not have voted for the Paris treaty but for the open understanding among Senators that the Filipinos were to be given their independence as soon as they were ready for it.

"I have faith in the ultimate liberty of mankind," concluded Senator Mason. "It may not come in your day or mine; but some day not only the people here in the mother republic but all over the world, in Cuba, South Africa, aye in the Philippines, will be free."

House of Representatives

The House to day by a vote of 129 to 46, suspended the rules and adopted the joint resolution extending the thanks of Congress to Secretary of State John Hay for his address upon the occasion of the McKinley memorial exercises last February. Unanimous consent for the consideration of this resolution was objected to by Mr. DeArmond, of Missouri, some time ago and to-day Mr. Clark, of Missouri, made a twenty minute speech in opposition to its adoption on the ground that Mr Hay had abused the occasion by injecting a "Republican stump speech" into the address. General Hooker, of Mississippi, a one-armed Confederate veteran, delivered an eloquent defence of Mr Hay's address denying that it contained anything that was objectionable from a political standpoint and Mr. Grosvenor, of Ohio, who was in charge of the resolution, argued that Mr. Hay, in eulogizing the martyred President, could not divorce the man from his achievements and his record as a manly partisan. Only forty-six Democrats voted with Mr. Clark against the resolution.

Special orders were adopted for the consideration of the Anti-anarchy bill and the bill to transfer certain forest reserves to the Agricultural Department. Senate bill to retire Surgeon General Sternberg and the House bill to encourage salmon culture in Alaska were defeated on motions to pass them under suspension of the rules.

RIOTING IN CHICAGO.

Numerous Fights Between the Police and Striking Teamsters—Many of Mob Injured, But Not Dangerously.

By Telegraph to the Morning Star.

CHICAGO, June 2.—Riot and bloodshed marked the progress of the teamsters' strike to-day. There were numerous fights between the police and the strikers and their sympathizers. Street car traffic was stopped while the fighting went on; the police and employes of the packing companies were stoned at one place when surrounded by a dense crowd of men and women. The police fifty strong, under command of Lieutenant Collins, maddened by the numerous stones with which they had been pelted, drew their revolvers and charged full into the immense gathering, which showed no disposition to retreat. Fists, stones and clubs were brought into requisition by the strikers and the police used the batons and the butt ends of their revolvers freely. When the fight was over there were a number of strikers needing surgical attendance; none were dangerously injured as far as known, however, and the wounded strikers were carried off by their friends. The fighting began on the west side shortly after noon and in different parts of the city continued practically all of the afternoon.

It is said that the packing companies have brought into Chicago several car loads of colored men who will be placed at work to-morrow. If this be done it is thought that there may be an outbreak in the stock yards, and the police are preparing to handle any trouble that may result. During the fighting to-day thirty-eight prisoners were taken by the police and locked up.

To-night another serious fight took place at Twelfth and State streets, when meat was being removed from the packing house plants by two retail firms. The crowd held back from open violence until the wagons reached the Twelfth street viaduct. The strikers and their sympathizers removed the nuts on the axles and cut the traces. They clambered into the wagons and threw the meat into the street. Finally, after the reserves had been called out, the wagons were rescued and driven to their destination. Six men were arrested and taken with difficulty to a police station. Scores of policemen have been detailed to protect the packing plants and the stores of those to whom meat has been delivered.

Justice Scott, in the criminal branch of the Supreme Court of New York, has set September 23d as the date for the beginning of the second trial of Roland B. Molineux, accused of the murder of Mrs. Kate Adams.

ANTHRACITE COAL MINE WORKERS.

Engineers, Firemen and Pumpmen Generally Obey the Order to Strike.

STATEMENTS CONFLICTING.

President Mitchell Says Eighty Per Cent. of the Men Have Quit Work—Operators Claim to Be Satisfied With the Situation

By Telegraph to the Morning Star.

WILKESBARRE, PA., June 2.—The order of the United Mine Workers of America, calling out on strike all the engineers, firemen and pumpmen employed at collieries where the eight-hour work day at present wages was not granted, went into effect to-day, and, as has been predicted, a majority of the men obeyed the order. Neither side can claim a victory at this time, because the struggle on this phase of the anthracite miners' strike has just opened. There was only a partial showing of strength to-day. The real test of whether or not the mine pumps shall be manned will begin to-morrow. Although a majority of the men quit work, the companies, generally speaking, succeeded in keeping their pumps in operation. The operators feel at present that they have an advantage, but they are not so sanguine of the future. The exact number of men who quit to-day cannot be obtained. Each side refuses to make public its figures, but gave out information that roughly estimates the number of men affected. These estimates are far apart.

National President Mitchell, of the Miners' Union, gave out a statement, in which he says:

"Reports received from every important mining community indicate that where the eight-hour day has not been conceded fully eighty per cent. of the firemen, pumpmen and engineers have ceased work. The number will be materially increasd to-morrow. In some sections mine foremen have positively declined to perform the work of engineers, firemen and pumpmen. In some places foremen have manned the pumps and clerks have also been required to perform this labor.

"A perfect army of irresponsible men have been employed by the coal companies to act as coal and iron policemen. The services of these men are unnecessary and their presence unwarranted. There have been no violations to-day by the mine workers and I am sanguine there will be no overt acts on the part of the strikers."

On the other hand a mining official of one of the largest coal companies, who received accurate information from the entire coal belt, made this statement:

"President Mitchell's estimate is too high. We have received figures from all our collieries and the general superintendents of all the other coal companies, but they are not to be given out as it would not be policy to reveal our weak spots or to betray our strongholds as far as they relate to the collieries individually. I can, however, say that about sixty-five per cent. of all the Lehigh Valley's men who were scattered from near Scranton down to Shamoken, went out. The Reading Company with forty collieries in the lower region, was the worst sufferer, more than 70 per cent. of its men refusing to go to work. The individual companies all lost more than fifty per cent. of their men.

"Notwithstanding the big desertion of men, every colliery in the entire region that made the effort was able to get up steam and maintain it. We are satisfied under the circumstances with the situation as it exists at present, and we don't care to boast of our future ability to keep the mines from flooding. The companies have nearly all they want for present needs. We look for intimidation of our men by the strikers, but we will go right along and protect our employes and property as best we can."

Considering the vast number of men who are idle the coal field was very quiet throughout the day. Reports came in from several sections telling of disturbances, but these were of a minor nature only.

Early this morning and this evening some workmen were stoned, principally by boys, as they were on their way from the mines to their homes. The small army of coal and iron police men which is in the field are not much in evidence. The companies have instructed these men that in order to avoid trouble they must not make themselves conspicuous.
